COMPUTER SCIENCE UNDERGRADUATE

Full-stack developer with hands-on experience building and shipping real products - a multi-vendor e-commerce platform deployed to the Play Store, a role-based distribution management system with multi-user access control and business workflows, and a restaurant management system with live SEO and API integrations. Comfortable across the full stack from React and Next.js frontends to Node.js backends and cloud deployments on Vercel. Currently pursuing BSc Computer Science at University of Westminster, actively taking on projects that go beyond coursework into production.

EDUCATION

Informatics Institute of Technology Affiliated to University of Westminster January 2025 - Present
BSc (Hons) in Computer Science

Informatics Institute of Technology (IIT) September 2023 - May 2024
Foundation in Higher Education

Applied Private June 2024 - November 2024
G.C.E Advanced Level in Commerce Stream

Hanwella Rajasinghe Central College January 2017 - May 2023
G.C.E Ordinary Level

STRENGTHS AND EXPERTISE

Frontend: React, Next.js, React Native, TypeScript, JavaScript, HTML5, CSS, Tailwind CSS, Figma

Backend: Node.js, Express, REST APIs, Java, Python

Databases: MySQL, MongoDB

DevOps & Tools: Vercel, Git, GitHub

Soft Skills: Leadership, Group Communication, Teamwork, Problem Solving, Critical thinking

PROJECTS

Nymo.lk

Team Lead | Mobile app & a Web Platform

Led the development of a unified apparel e-commerce platform. Managed end-to-end implementation of vendor onboarding and dashboard functionality. *Successfully deployed the mobile application to the Play Store and onboarded 5+ vendors, preparing the platform for production launch.*

Distribution Management System

Developer | Full-Stack Application

Currently developing a role-based management system for a distribution company with multiple user roles including cashiers, managers, and sales representatives. Implementing core functionalities such as order processing, invoice generation, reporting, and customer/product management. Designing structured access control and workflow optimization to improve operational efficiency. The system is being built with a focus on scalability and real-world usability in a small business environment.

Restaurant Management Platform

Developer | TypeScript, React, REST APIs, SEO

Built a responsive web application for a restaurant integrating Google Maps and customer review APIs. Designed a secure authentication system for the owner and implemented a custom dashboard to manage menu items, operating hours, and media content. Focused on usability for non-technical users and Search Engine Optimization for discoverability.

Personal Portfolio Website

Developer | React, Vite, SEO

Developed a high-performance personal portfolio using React and Vite with optimized build configuration for fast load times. Implemented SEO best practices including metadata optimization, semantic HTML, and performance tuning to improve search engine visibility and indexing.

OceaVia - Life Below Water Prevention Awareness Platform

Team Lead | HTML, CSS, JavaScript

I led the development of a responsive and visually engaging website supporting UN SDG 14 – Life Below Water. Guided the design direction and implementation of structured content, smooth navigation, and accessibility-focused features to effectively communicate key marine conservation insights.

Agri Guide – Farming Assistance App

UI/UX Design (Figma)

Built an innovative application UI design that assists farmers in maximizing their harvest while minimizing loss due to environmental and other factors, providing practical guidance and recommendations.

EXTRA CURRICULAR ACTIVITIES

Informatics Institute of Technology

- Volunteer and Board Member | Rotaract Club of IIT (2025/26)
 - International Service Director (2025/26)
- Batch Representative | Level 05 IIT (2025/26)

Hanwella Rajasinghe Central College

- Rugby Team of Hanwella Rajasinghe Central College
 - Team Player (2021 - 2023)
- Photographic Society of Hanwella Rajasinghe Central College
 - Committee Member (2022 - 2024)

CERTIFICATIONS

- Python GUI Development with Tkinter by LinkedIn Learning
- Python Essential Training by LinkedIn Learning
- Java Object-Oriented Programming by LinkedIn Learning
